Now on DVD!

This is a must for the guard that does not have a choreographer on staff. Let Performer's Academy custom choreograph your color guard show. Using the newest technology, Performer's Academy will choreograph your show and provide you with a DVD copy and count sheets. The DVD is split into easy to use chapters to help quickly go from one set to another; no rewinding or fast forwarding required. Each set is clearly explained and demonstrated by count. Our highly experienced staff will also perform the choreography to the music. Whether just across the street or across the country, the new Color Guard Choreography DVD is exactly what you need to bring out the best in your students.

This is a must for the band that does not have a Visual Designer on staff. Let Performer's Academy custom design your visual program. Just like the Color Guard Choreography, Performer's Academy will choreograph your show's hornline visuals to add those special moments. The DVD will be split into easy to use chapters to help quickly go from one visual to another. Each visual will be clearly explained and demonstrated by count. Our highly experienced staff will also perform the visual to the music.
